Did your insurance company tell you:

If you have an accident you may not be covered for a rental vehicle. Buckley makes sure they offer you this coverage.

They offer accident forgiveness coverage, which means no change in your rating with the first at fault claim. Now this is worth talking to Buckley about!

For a small price you can add an additional coverage to your policy and avoid the hefty cost of car rental insurance.

Protect your own rates by registering your children's vehicles in their own name.
